UNION DANCE PROVED TO BE AN OVERWHELMING SUCCESS WHICH WAS ENJOYED BY ALL

Another Great Event of University Social Year Enjoyed by All—Union Gayly Decorated—Orchestra and Supper Exceptionally Good

COMMITTEES EFFORTS CROWNED WITH SUCCESS

Musical Programme and Supper were Both Excellent

The annual Union Dance which took place last evening may well be counted amongst the most successful functions of its kind held for many years and those who are familiar with the popularity of these affairs know how much this means.

A fine selected programme of popular music well rendered, a good floor and a delightful supper all contributed to a most enjoyable evening.

The Union was beautifully decorated by a lavish display of pennants, hunting and flowers, and the executive are to be congratulated on the taste they showed in this important feature of the entertainment.

Mr. Culyer, head porter of the Union, acted as announcer, and a great measure of the success of the evening was due to his untiring efforts in this direction. He is certainly deserving of great praise for the interesting way in which he has looked after this affair and the many others that have occurred in the past year. The Union is certainly lucky to have such a man as Mr. Culyer in charge.

The patronesses were Miss Hurlbatt, Miss Cameron, Mrs. Adams, Mrs. Leacock, Mrs. Smith and Mrs. Alcock.

Amongst those present were:—
The Misses Atkin, Allan, Balch, Brook, Brown, Blaklock, Duckland, Buckley, Currie, Clearihue, Childs, Clearihue, Campbell, Caldwell, Dowling, Douglas, Davis, Drummond, Ennis, Ellison, Fenwick, Lee, Fortier, Fraser, Gordon, Grant, Gutelius, Hogg, Henry, Hodgson, Hodgson, Hay, Hogg, Harwood, Henry, Huel-

LIBERALS FOLLOW PRECEDENT ESTABLISHED BY THEM IN PAST REGARDING A POLITICAL CLUB

Leader of Party in Mock Parliament Shows Broad Outlook and Good Judgement on College Political Affairs, Lending Added Weight to the Opposition to Partizan Clubs

MR. McGRIMMON SPEAKS REGARDING A CLUB

Throws Light on the Situation at Toronto University

The Editor McGill Daily:
Dear Sir:—

May I be permitted to point out a discrepancy in your recent editorials in comment on the Mock Parliament, and the organization of political clubs at McGill University. Your supposition that the Liberals will follow the example set by the Conservatives in forming a permanent political organization at the University, is quite unwarranted. Readers of the "Daily" will perhaps remember that the Liberal party thrashed out this question last year under the presidency of Mr. Hugeson, and they were then (and I am confident that the consensus of opinion has not changed) heartily opposed to the suggested project.

I am quite in accord with you, Mr. Editor, in deprecating the rancour of partizanship, and I am of the opinion that partizan clubs would not only foster, but accentuate a narrowness of thought which is all too prevalent.

You were quite right in stating that Sir James Whitney spoke out strongly against the introduction of

federal and political politics into Toronto University. Strength would have been added to your statement had you recorded the similar stand of Principal Maurice Hutton and others. Did it occur to you that Sir James and his government might, and assuredly will be, continually embarrassed by the strong liberal majority in a University which is maintained by the very government which they harass.

May I ask, however, if anyone has any sane objection to the friendly discussion in our Mock Parliament of national issues, even though we must necessarily divide ourselves along party lines? I know this was not the spirit of your editorial, but I raise the point in order to prevent any misunderstanding.

Yours sincerely,
K. H. McGRIMMON.

Editorials

We publish a letter in another column of the paper with regard to the attitude of the Liberal party in connection with a partizan political club. Mr. McCrimmon informs us that we have been mistaken in regard to the intentions of the party in this matter and that there is no danger of such an organization being established by the Liberals. He also adds information concerning the attitude adopted by Premier Whitney and Prof. Maurice Hutton, of Toronto University. Mr. McCrimmon states his attitude in the matter in a clear and logical way and shows that the Liberal party are fortunate in having such a capable leader and in being inspired with the right attitude towards affairs political at the University.

We await with much interest further announcements regarding the new Wesleyan College building and the coming campaign to obtain the necessary funds for its erection. If the money is secured, and there seems to be no cause for doubt that it will be—the building will be another testimonial of the broad progressive spirit of Montreal Citizens and another beautiful addition to the many handsome buildings which now comprise the Greater McGill.

The announcement that a new Theological building will be erected for the use of students from all the colleges who have entered into the recently formed cooperative union is also of great interest. It testifies to the fact that the new undertaking has proved a success and that its supporters are actuated by motives working for the benefit of McGill and the affiliated colleges.

On an up-to-date Wimshurst machine.

A Volt, who'd deserted his ninety nine friends,
And said he was going to roam,
Touching lightly the strings of his tuneful ampere,
Was singing of "Ohm! Ohm! sweet Ohm!"

An Atom, just fresh from its compound released,
Not pleased to resume the "free state,"

Was seeking a bashful young Molecule's hand

And whispering, "Sweet, silly Kate"

A proper retort was at hand, but had lost

All its double distilled poignant wit,

For it's Liebig's condenser was choked with the nest

Of a fossil mare wanting to sit.

A giddy young Comet was curling her hair

With a pair of hot crucible tongs,

Blushing deeply the while at her Hydrogen flame,

Who was singing molecular songs.

Metamorphosed Silurians struck at "Old Red."

And declared that it wasn't their fault;

While a big Compound Radical broke Dalton's Law.

And was fined forty grams for a salt.

The blackboard was looking his angriest black;

One could see he his temper would lose,

For he constantly called the poor innocent chalk,

"Old Foraminiferal Ooze."

And whilst I was thinking if chalk could combine

Directly with blackboards, I woke To discover the class was uncommonly please,

And apparently I was the joke.

ARTS JUNIORS LOST STRENUOUS CONTEST FOR HOCKEY HONORS

Sophs Victorious in Cham-
pionship Struggle Yesterday

Arts fifteen won the class hockey championship of the faculty, defeating the Juniors in a strenuous game yesterday afternoon on the camous rink. The Sophs won out after a hard contest featured by stiff, close checking the final count being 4 to 1. The winners had the best of the play from the start and had the game well in hand at all times. For the Sophs Abbott and Gibb, played stellar hockey while Stewart and Graham shone for the Juniors. Billy Nicholson who officiated kept the players well in hand although on account of the strenuous checking several penalties were necessary. The teams line up as follows:—

First Game Takes Place To-
day

Hockey has been taken up again by the R.V.C. after a lapse of two years. The first matches will take place from 10 to 11 Saturday, February 8, when the Seniors play the Sophs and the Juniors the Freshies. It is to be regretted that the outside matches cannot for this year be revived, but in the meantime—ALL UP—Saturday at 10, and support your team.

ADDITIONAL PRIZE NOW OFFERED FOR GYM. COMPETITION

Dr. Harvey has Generously
Donated One

In a previous issue of the "Daily" mention was made of the Annual Wicksteed Gymnastic Competition which is held for second and fourth year students. Men of the third year are eligible to compete in the former series as the regulations call for those who have attended two sessions at the gymnasium.

It was felt by some of the first year men that some form of competition should be held for them also, and Dr. F. W. Harvey has kindly consented to donate a trophy for this class. A special set of exercises and movements has been framed up which doubtless will attract a large number of competitors from among the first year students to take advantage of Dr. Harvey's generous offer.

STRATHCONA HALL RESIDENTS' DANCE TAKES PLACE SOON

There May be No Skating
Party this Year

Whether an informal dance is preferable to a combined skating party and dance, is the question which has been bothering the residents of Strathcona Hall during the last few days.

The matter has, however, been definitely settled, for it has been decided that this year the usual skating party and dance given by the residence will be changed to dancing only. It was felt by most that too-much time and trouble was lost in putting and taking off ones skates and that the extra enjoyment of skating did not compensate for the time lost in the middle of the evening's festivities. The chief argument in favour of the skating was that it kept the dance informal. It is hoped however that even without the skating the dance will be able to remain as informal as it has been in the past. The Strathcona Hall dance has been in the past the only really informal dance of the McGill season and it has always been a great success chiefly on account of this. It is therefore hoped that the example of former years will be followed this year and that those who do possess dress suits will refrain from wearing them.

It has also been decided to hold the dance at the Union on Monday, February 17th. The dance is not go-

LARGE PROPORTION OF ARTS '11 GRAD'S ARE STUDYING LAW

Class Boasts Four Representa-
tives at Oxford

Although McGill possesses no active Alumni Association, there is, in the "Applied Science Graduates" an organization whose purpose is to keep its member in touch with their Alma Mater and with each other. This association carries out its objects through a publication and by other means and the office of the Honorary Secretary is at the University. The large number of Graduates renders the work of addressing the various communications a lengthy and expensive task; and so, recently, about fifteen of their number presented their Secretary's office with an addressing machine. The use of this machine having been offered the "1913 Reunion Committee," the Class of Arts 1911 has contributed the sum of \$29.50 for the purchase of the necessary plate for Arts Graduates. As this sum is more than sufficient for the purpose stated, the balance, together with a sum donated last year by the Class of Arts 1912, will go towards filing cabinets and other accessories for the Arts portion of the addressing equipment. The addressing machine has already rendered considerable service in the preparation for the great Reunion next spring, and will be a permanent aid to Prof. Evans in keeping up that bond of sympathy between Graduates and Alma Mater which is so essential to the life of a great University. Arrangements have already been made whereby the Registrar's Office can also benefit by the work of the machine.

It is likely that the Class of Arts 1911 will be very well represented indeed, at the approaching Reunion. About a third of their number are at present in Montreal. Shirley Dixon, Dan. Gillmor, Henry Herschorn, Livingston, Jack Kerry, Forester McGoun, Moyse, Newcombe, Tannenbaum, and Andrew Waplyn are at present under-graduates in Law. Reg. McLean, Scott, and Maass are demonstrating to the Science men. Joe. Jacobs, along with the redoubtable "Pud" Ague and Laurie Roberts are in Medicine. Jack Bissett will soon be an Applied Science Grad. as well as a B.A.; Gordon Irving hopes to get his M.A. this spring, and Lariviere is at the P.C. fitting himself to be a future ornament of the pulpit. George Curry is with Geo. Macdonald working hard to become an Accountant, yet finding time to visit his friends at the Hall quite often. Dewey is teaching school in town, and working at a history thesis. Geo. Hannah is reporting for the Montreal Star.

Arts '11 boasts four representatives at Oxford, and what is more, three of them are Rhodes scholars. Joe Clearihue (B.C. 1911) Nelson King (B.C. 1912) and Nick Warburton (P.E.I. 1911) Henry Angus is our shining light at Balliol College and evidently intends to practice law over in England.

The class was most unfortunate in losing to H. Cherry who died in New York on October 29th, 1912; "Becky" is studying Law at Osgoode Hall, Selman is in a law office in Vancouver Tommy Armstrong is preaching in the West; "Judy" Bridges is working for his Ph.D. at Harvard; Geoff. Cook is studying law at Laval University, Quebec; Roy Davidson is News Editor of "The Standard" a paper in his home town, St. John, N.B. Gil. Fletcher is Boy's Work Secretary in the Y.M.C.A. at Stratford, Ont.; McLeod is principal of a school in Mission City, B.C.; Fred. Morris is studying theology in New York City; Thompson is in business in Vancouver. "Squirt" Dowd taught last year in Quebec High School, and is now on the staff of the School of Practical Business at Ste. Hyacinthe. The fluent silver-tongued Geo. Weir is now a school Inspector in Saskatchewan, with headquarters at the Normal School in Saskatoon; he is also reported to be raking in the shekels while turning over town lots, and incidentally, they say, contemplates coming East for the Reunion.

The present occupations of the remaining members of the class, we regret to say, are unknown; the information we have may be summarized as follows:

Of a class of 45,—11 are in Law at McGill; 2 in Law elsewhere; 3 in Theology; Y.M.C.A. work, 1; 10 taking other resident professional or P.G. work at various seats of learning; 7 are teaching; 2 in newspaper work; 2 in business; of the remaining members 2 or 3 are probably in Law and a like number teaching.

ing to be restricted to residents at the Hall, but will be thrown open to all members of the University. Tickets are now on sale at Strathcona Hall.

HIS MAJESTY'S

The last of the three comic operas on the bill of the Pillard Opera Co., was given last night. It was the well known "Sergeant Brue," an opera of a distinctly comic character.

The story very briefly is that of a police sergeant, who to inherit a fortune which has been left him, has to secure promotion to an inspectorship. His efforts to do this were not an unqualified success, and many complications ensue.

The title role was taken by Teddy McNamara, the other principles were Willie Pollard, Leslie Donaghey and Willie Bevan. The last named had what was perhaps the most popular character of the cast, that of Crookie Scrubble. This part he played very well.

Miss Pattie Hill, Miss Eva, Pollard and Miss Queenie Williams were the leading ladies. Miss Williams' two song were particularly good, her cockney manner is inimitable.

An especial feature of the performance was the use of McGill banners in the stage decorations. The effect was most excellent, the colors being worn also by many of the ladies.

The Daily representative last night was afforded an opportunity of visiting the company, behind scenes. The individuals are just as charming off the stage as on. Queenie Williams is just as lively and vivacious in real life as when playing Daisy. The company read the Daily, have met many college men, and are immensely pleased with Montreal at large, and the part of McGill they have seen in particular.

The same piece, Sergeant Brue, will be presented this afternoon, and evening.

"BOUGHT AND PAID FOR" NEXT WEEK

For six evenings and two matinee performances, beginning Monday at the Princess Theatre, William A. Brady, who can always be relied upon for the best, is sending us "Bought and Paid For" by George Broadhurst, recognized in the theatrical world as the most interesting work from this author's pen.

It seems to be alike a man's play and a woman's play, appealing with pretty nearly equal force to both sexes. Most women believe that they would do as Virginia Stafford does when her millionaire husband comes home overcharged with champagne and forces his caresses upon her. On the other hand, most men think that while in Robert Stafford's place they

would never submit to flat dictation on the point of swearing off champagne forever. Thus there is something for most married couples (and some intending marriage) to discuss over the supper table after the performance, and discussion is good for the mind.

"Bought and Paid For" will be one of the strongest dramatic attractions of the year.

Mr. Frank Darch, with the Manchester players.

MISS HORNIMAN

PLAYERS RETURN

Messrs. Alfred Beaumont, acting manager, and Edward Bradley, stage manager, of Miss Horniman's Manchester players, arrived in Montreal Wednesday to prepare for the appearance of the company at His Majesty's Theatre next week. The remainder of the company will reach the city on Saturday.

With "Candida" as the opening bill, the company is not likely to fall short of expectations. It will, of course, be a different Candida from that of last season, but it is precisely in this variety of interpretation that the charm of the Horniman company lies. H.R.H. the Governor-General, the Duke of Connaught, and H.R.H. the Princess Patricia will attend the opening performance, and already a distinguished society assembly is assured. The advance booking is of a character well calculated to encourage the promoters of the University Settlement benefit, and apparently augurs a successful week for their enterprise.

Doris Bateman, with the Manchester Players.

ALLIANCE FRANCAISE
LISTEN TO LECTURE
FROM Mlle. GRETERIN

Subject Treated in a Most Charming Manner

On Thursday evening a large and appreciative audience were present at a lecture given by Mlle. Greterin in the Royal Victoria College, under the auspices of the Alliance Francaise.

The subject chosen by the lecturer was "Le gendres grecques transposées par l'esprit contemporain." It was treated in a most charming manner, the attention of the audience being drawn to the affinity between the Greek mind and the French. As the former loved to dwell on the exploits of their heroes, so the latter love to speak of their beautiful country which they place above every other.

Mlle. Greterin called up before her hearers the Greek Gods and heroes, and showed the transformation which had been worked by modern minds. Especially did she dwell on the figure of Helene and the modern interpretations of her character.

The evening was a very enjoyable one as M. Desaulniers, the President of the Alliance had promised on introducing the lecturer. A large bouquet of roses attested the appreciation of the audience.

The Handiest Way
To Shave

Some men, who have shaved for years with the old-style, long-bladed razor, find it hard to believe that the Gillette Safety Razor is really handier and quicker.

So the quill-using clerks of old must have looked askance at the first steel pens—until they learned by experience how much more effective they were.

A few days' experience with the Gillette and a man finds he can shave with it quicker and more easily than he could with the long-bladed razor after years of practice.

Holding the Gillette lightly, like a pencil, you can shave any part of the face, in any direction, using the true Angle Stroke. Those awkward spots around the chin and the angle of the jaw will give you no trouble whatever—and with the Gillette Safety Razor you will not cut your face.

Moreover, the Gillette can be adjusted, by a slight turn of the screw handle, for a light or close shave, or for a soft or heavy beard. This adjustability, which adds so much to the comfort of shaving, is found in no other razor.

Why worry along in the old way, when the Gillette way is so much easier, quicker and more comfortable? 412
